The South Carolina Public Service Commission has received a Petition from the South Carolina Department of Health and Environmental Control requesting that the Commission conduct a hearing as to the operation of a sewerage system in Springdale Subdivision, in Lexington County, by King Utilities, Inc., and R. G. Ott and G. F. Frye d/b/a Ott & Frye Construction Company and to determine why this operation should not come under the jurisdiction of this Commission and obtain approval of the rates and charges for sewerage service allegedly being provided to approximately fifty (50) residents of the subject subdivision; it is further alleged that the service being rendered is inadequate and insufficient.

The Commission is of the opinion and so finds that a Rule to Show Cause Order should be issued against King Utilities, Inc., and R. G. Ott and G. F. Frye d/b/a Ott & Frye Construction Company, to show cause, if any they can, why they should not come under the jurisdiction of this Commission and obtain approval of rates and charges for sewerage service in Springdale Subdivision, and to be required to provide adequate sewerage service to their customers.

IT IS THEREFORE ORDERED: That King Utilities, Inc., and R. G. Ott and G. F. Frye d/b/a Ott & Frye Construction Company be and they are hereby ordered to appear before The Public Service Commission in its office in Room 704, Owen Building, 1321 Lady Street, Columbia, South Carolina, on Tuesday, February 19, 1974, at 4:00 P. M. to show cause, if any they can, why they should not come under the jurisdiction of this Commission and obtain approval of rates and charges for sewerage service in Springdale Subdivision, in Lexington County,
